

WheelHouse IT's partnerships with **Optiv** and **Securitas** further enhance their offerings. By leveraging **Optiv**'s insights and innovations, WheelHouse IT can deliver even stronger security programs.

On the other hand, **Securitas** provides integrated security services that complement digital efforts by securing your physical business environment. Together, these partnerships mean your business is defended from every angle—digital and physical.

Enabling Secure Business Expansion

As your organization expands, WheelHouse IT recognizes the need to scale cybersecurity alongside increasing **risk**. Their co-managed IT approach means they work alongside your internal teams, supplementing their expertise and providing advanced tools for enhanced monitoring, ticket automation, and compliance management.

Whether you are in **Naperville**, **Cincinnati**, or another community, this combination of local insight and scalable solutions keeps your operations both secure and efficient.
